Helping Hands Outreach Ministry Receives Florida Award

On Wednesday, November 2, Governor Rick Scott welcomed nearly 600 attendees at the 2016 Florida Faith Symposium at the Wyndham Resort in Orlando. The Florida Faith-Based and Community-Based Advisory Council provides input to the Governor and is made up of organizations across the state of Florida that are strengthening Florida's families and youth.

This year Helping Hands Outreach Ministry was nominated for the **Champions of Hope Award** for the work provided to families in neighborhoods near The Villages. Gary Cantrell and Gene Barton, along with Kids Central management, presented two workshop sessions at the conference. They were also honored at the banquet with a certificate that is on display on the walls of our church office. We want to thank every single volunteer that has worked on family homes, at B&B, on fundraisers, providing donations, and at the Wildwood Family Resource Center. Without your help and support, this would not have been possible. **CONGRATULATIONS** to everyone!
